TO ALL NATIONS..."*

How are we doing with this task?

THERE'S GOOD NEWS!

70% of the world's population has access to the gospel message! This is a great achievement, for which we should be very grateful! But, on the other hand...

There's bad news!

30% of the world's population, 2,100,000,000 people, do not have access to the gospel message! They couldn't hear the gospel even if they wanted to! These people live isolated from the gospel, hidden behind the invisible barriers of language, race, religion, geography, cultures or castes. These people will continue in complete darkness for another thousand years unless new workers invest their lives to cross these invisible barriers to share the gospel with them. But...

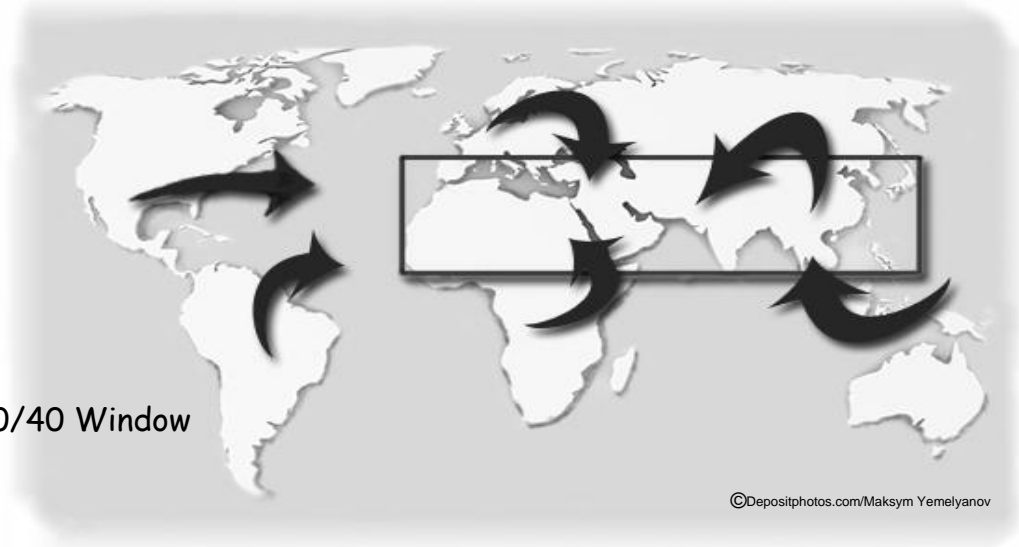

THERE'S MORE GOOD NEWS!

God is raising up a cross-cultural missionary force in these last days like we've never seen before. These missionaries are coming from Africa, Asia, Oceania, Latin America, North America, and Europe, and are

advancing on the area of greatest need. This is the famous "10/40 Window" where the majority of the 7,000 ethnic groups live that do not yet have access to the gospel.

In it you will see:

- God's missionary plan throughout the whole Bible,
- the exciting history of cross-cultural missions,
